TEEN ROLE-PLAYING GAME NIGHT

*We are playing **Dungeons & Dragons 5th Edition** rules.*

Our characters continue their adventure. . .

*The heroes set out to visit settlements near and within the **Larkscarrow Forest** to warn them of the coming purge. But the first village they encountered appeared to already have been abandoned. The tracker determined the villagers had possibly been attacked and forced to flee further into the woods, perhaps toward the rumored sanctuary of **Oaktown**.*

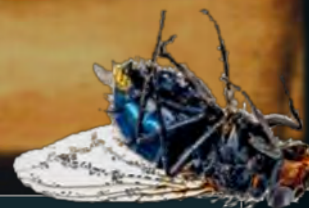

*Following their trail into the woods, the adventurers soon spotted the survivors, chased by a closing **zombie horde**! They distracted the undead and fought them off briefly, but were overcome by more along with swarms of **plague flies**.*

All hope seemed lost when salvation appeared above - a hidden stronghold in the trees. At the last moment, the party was pulled up and out of the reach of their ghoulish pursuers.

*The villagers and the adventurers are safe for the moment, but even now more minions of **The Whisperer** gather on the ground below.*

And what of their new hosts? Who are these rough men and women living amidst the forest canopy? Can they be trusted?

Come play to find out!

Play is \$5 per person. ❖ R.S.V.P. at the Club Office.

New players are always welcome. ❖ Join us. You can be a hero too.
